

Testimonials

As a parent of two daughters, aged 14 and 17, who have attended Stages School of Dance since they were 3 years old I would like give some of the many benefits they have gained from doing so.

They have had the opportunity to learn many forms of dance ranging from ballet, modern and tap to street dancing and cheer leading. They have successfully achieved dancing exams and had the wonderful opportunity of performing in pantomimes and dance shows. Through these experiences they have gained in confidence, learnt numerous new skills and met many new friends.

Their teacher, Viv, has always been extremely encouraging and through her support, hard work and enthusiasm I can confidently say that my daughters have enjoyed all of the time they have spent at the dance school.

The dance studios are spacious and good places to learn dancing skills, the lessons are lively and interesting and have given my daughters a lot of pleasure over the years and continue to do so. The atmosphere at the dance school has always been friendly and supportive with time given to talk to parents and listen to their comments.

Through attending Stages School of Dance both of my daughters have found an interest that has enriched their lives and experiences and has given them skills and interests that I am sure will last for the rest of their lives.
